INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Diocese of Davenport
Davenport, Iowa

Report on the Financial Statements

We have audited the accompanying financial statements of the Diocese of Davenport, which comprise the balance sheets as of June 30, 2015 and 2014, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Diocese of Davenport as of June 30, 2015 and 2014, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

DIOCESE OF DAVENPORT
Notes to Financial Statements

Note 1. Nature of the Organization and Summary of Significant Accounting Policies

Nature of the Organization – The Diocese of Davenport is an Iowa nonprofit corporation. This financial report includes all known funds and all known major assets and liabilities of the Diocese of Davenport.

The Diocese of Davenport is affiliated with numerous other Iowa nonprofit corporations because the Bishop of the Diocese of Davenport, as Ordinary of the Catholic Church activities in southeast Iowa, serves as president of this and the following affiliated organizations:

- Approximately 90 parish and school corporations
- The Catholic Messenger
- St. Ambrose University Board of Trustees
- St. Vincent's Home
- Newman Catholic Student Center of Iowa City, Iowa
- Catholic Foundation for the Diocese of Davenport

None of the assets or liabilities of these affiliated corporations, or any other related organizations, are included in this financial report.

A summary of the Diocese's significant accounting policies follows:

The financial statements of the Diocese of Davenport have been prepared in accordance with *Accounting Principles and Reporting Practices for Churches and Church-Related Organizations*, adopted by the United States Conference of Catholic Bishops, which is consistent with accounting principles generally accepted in the United States of America in all material respects.

Accounting Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of public support, revenue and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events – In accordance with the Subsequent Events Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification, in preparing these financial statements, the Diocese has evaluated events and transactions for potential recognition or disclosure through October 21, 2015, the date the financial statements were available to be issued.

Net Assets – The Diocese is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. The three classes are based on the presence or absence of donor-imposed restrictions. Temporarily restricted net assets include net assets restricted by donors to a specific time period or purpose. Permanently restricted net assets have been restricted by donors to be maintained in perpetuity.

Cash and Cash Equivalents – For purposes of reporting cash flows, the Diocese includes all cash accounts which are not subject to withdrawal or donor restrictions or penalties, and money market funds with a maturity of three months or less excluding agency account cash and cash of the Omer Woltering Trust, to be cash and cash equivalents. Cash and cash equivalents are carried at cost.

Receivables – Receivables are carried at original amount less an estimate made for doubtful receivables based on a review of all outstanding amounts on a monthly basis. Management determines the allowance for doubtful accounts by identifying troubled accounts and considers the financial condition and history. Receivables are written off when deemed uncollectible. Recoveries of previously written off receivables are recorded when received. Bad debt expense, net, was approximately \$1,000 and \$2,000 for the years ended June 30, 2015 and 2014, respectively.

DIOCESE OF DAVENPORT
Notes to Financial Statements

Note 1. Nature of the Organization and Summary of Significant Accounting Policies (Continued)

Marketable Securities – Investments in marketable equity and debt securities are carried at fair value based on quoted market prices. Cash and cash equivalents included with investments are carried at cost. For alternative investments where the quoted market value of investments may not be available, fair values are based on information provided by the fund manager, which includes quoted fair values when available and estimates of fair value of investments that are not readily ascertainable. Gains and losses on sale of investments are determined by the specific-identification method.

Income (losses) and net gains (losses) on investments are reported as follows:

- As increases (decreases) in temporarily restricted net assets if the terms of the gift impose restrictions on the use of the income and if the gift is part of the endowment fund, until appropriated by the Board of Directors of the co-trustees of the trust or, in the case of losses, until the accumulated income and gains are reduced to zero; and
- As increases (decreases) in unrestricted net assets in all other cases.

Property and Equipment – Property and equipment is stated at cost if purchased or at estimated fair value at the date of donation if received as a gift. Depreciation is computed using the straight-line method over the estimated useful lives of the various classifications as follows:

	<u>Years</u>
Buildings, Land, and Building Improvements	10 - 40
Equipment, Automobiles, and Furnishings	3 - 10

Annual Diocesan Appeal – The Diocese derives a substantial portion of its support and revenue from the Annual Diocesan Appeal which is an annual parish-level diocesan fund drive. Amounts due from parishes pursuant to this annual drive are recognized as support and revenue when the parishes are assessed.

Contributions – The Diocese reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities as net assets released from restrictions. Donor-restricted contributions whose restrictions are met within the same year as received are reported as unrestricted contributions in the accompanying financial statements.

The Diocese reports gifts of land, buildings, and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the Diocese reports expirations of donor restrictions when the donated assets are placed in service or expenditures are incurred for the long-lived assets.

Education Receipts – Education receipts are recognized as revenue when the services are provided.

Bankruptcy Related Expenses – During the years ended June 30, 2015 and 2014, the Diocese incurred expenses of \$23,655 and \$16,482, respectively, related to the ongoing responsibilities of the Diocese associated with the bankruptcy claim that was settled in November 2007.

Reclassifications - Certain prior year amounts have been reclassified to conform to the current year presentation.

DIOCESE OF DAVENPORT
Notes to Financial Statements

Note 1. Nature of the Organization and Summary of Significant Accounting Policies (Continued)

Income Taxes – The Diocese of Davenport is exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code and comparable state law, and contributions to it are tax deductible within the limitations prescribed by the Code.

In accordance with the Income Taxes Topic of the FASB Accounting Standards Codification, management evaluated the Diocese's tax positions and concluded that the Diocese had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Recent Accounting Pronouncement – In May 2014, the FASB issued ASU 2014-09, Revenue from Contracts with Customers (Topic 606) requiring an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. The updated standard will replace most existing revenue recognition guidance in U.S. GAAP when it becomes effective and permits the use of either a full retrospective or retrospective with cumulative effect transition method. The updated standard will be effective for annual reporting periods beginning after December 15, 2018. The Diocese has not yet selected a transition method and is currently evaluating the effect that the updated standard will have on the financial statements.

Note 2. Investments, Endowment Fund and Net Asset Classifications

Christian Brothers Alternative Investments:

Alternative investments are investments not listed on national exchanges or over-the-counter markets, or for which quoted market prices are not available from sources such as financial publications. Alternative investments may be structured as limited partnerships, limited liability corporations, trusts, or corporations. The alternative investments include Catholic United Investment Trust (CUIT) value equity and small capitalization equity index funds. See Note 3 for additional information on these investments.

Omer Woltering Trust:

The Omer Woltering Trust was created in 1991 by a \$250,000 bequest from the estate of Omer Woltering. The trust is required to be maintained for 25 years. Therefore, the corpus and unappropriated earnings are considered endowment assets. Annually, the income can be used for specific purposes. The corpus can be distributed, not to exceed \$37,500 in any calendar year, with unanimous vote from the co-trustees. After 25 years, the trust shall terminate and the corpus of the trust together with any remaining accumulated income shall be distributed in its entirety to the Diocese. The Diocese is the beneficiary of the trust.

During the year ended June 30, 2014, the co-trustees approved appropriations from accumulated earnings of \$37,500 which was paid to the Diocese and left \$462,488 of the trust classified as temporarily restricted net assets. The funds were invested in Christian Brothers alternative investments and a mutual fund. Funds included in the trust that had been appropriated but not distributed as of June 30, 2014 were \$37,500.

During the year ended June 30, 2015, the trust ended as the 25 year time requirement was met. The entire trust was released from restriction and transferred to unrestricted net assets.

Vanguard Fund:

The Vanguard Fund was created in 2005 by a corporate stock bequest from the estate of Marguerite Ritzinger. Half of the bequest was restricted for scholarships for students to attend colleges or universities and the remaining half was restricted to be used by the Seminary Education Fund for the education and training of priests. The corporate stock was liquidated and invested in a mutual fund.

DIOCESE OF DAVENPORT
Notes to Financial Statements

Note 2. Investments, Endowment Fund and Net Asset Classifications (Continued)

The fair values of the investments as of June 30, 2015 and 2014 are as follows:

	2015	2014
Mutual Funds	\$ 941,273	\$ 1,039,474
Alternative Investments	2,289,916	2,209,410
	\$ 3,231,189	\$ 3,248,884

The investments of the Diocese are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with such investments and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in risks in the near term could materially affect investment balances and the amounts reported in the financial statements.

The Diocese's endowment funds consist of various donor restricted endowment funds. Net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

The Diocese has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) adopted by the Iowa legislature as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Diocese classifies as permanently or temporarily restricted net assets (a) the original value of gifts donated to the permanent or temporary endowment and (b) the original value of subsequent gifts to the permanent endowment. The remaining portion of the temporary donor-restricted endowment fund is also classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Diocese in a manner consistent with the standard of prudence prescribed by the State of Iowa in its enacted version of UPMIFA. In accordance with UPMIFA, the Diocese considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the endowment funds; (2) the purposes of the Diocese and the donor-restricted endowment funds; (3) general economic conditions; (4) the possible effect of inflation and deflation; (5) the expected total return from income and the appreciation of investments; (6) other resources of the Diocese; and (7) the investment policies of the Diocese.

The Diocese has adopted investment and spending policies for its endowment funds. The objective of these policies is to provide the Diocese with a predictable funding stream for its programs while protecting the purchasing power of the endowment fund. The Diocese, through its investment policy, has established a target (inflation-adjusted) annualized rate of return over the long-term of at least 5 percent; the total return during any single measurement period may deviate from the long-term return objective. To satisfy its long-term rate-of-return objective, the Diocese currently invests in publicly traded mutual funds and money market funds. The purpose is to moderate the overall investment risk of the endowment funds.

All of the income of the permanently and temporarily restricted endowment investments may be appropriated for expenditure on an annual basis. The income on the temporarily restricted endowment investments can be used on an annual basis to support primarily clergy education. The corpus of the trust may be distributed to the Diocese by unanimous vote of the individual co-trustees provided that the distribution does not exceed \$37,500 in any calendar year. For the year ended June 30, 2014, the Diocese spent \$37,500 of the accumulated income of the temporarily restricted investments. During the year ended June 30, 2015, the trust ended as the 25 year time requirement was met. The entire trust was released from restriction and transferred to unrestricted net assets. The Diocese spent all of the income of approximately \$19,000 and \$29,000 of the permanently restricted investment for the years ended June 30, 2015 and 2014, respectively.

Endowment Net Assets, End of Year	\$ -	\$ 462,488	\$ 273,375	\$ 735,863

From time to time, the fair value of endowment funds may fall below the level that the donor requires the Diocese to retain as a fund of perpetual or temporary duration, also known as underwater endowments. There were no underwater endowment funds as of June 30, 2015 and 2014.

Note 3. Fair Value Measurements

The Fair Value Measurements and Disclosures Topic of the FASB Accounting Standards Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 and Level 2 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 - Quoted prices in active markets for identical securities.
- Level 2 - Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 - Significant unobservable inputs.

The following table sets forth additional disclosure of the Diocese's investments whose fair value is estimated using net assets value (NAV) per share (or its equivalent) as of June 30, 2015 and 2014:

June 30, 2015				
Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
CUIT Value Equity Fund (1)	\$ 1,386,631	\$ -	Daily	Trade Date Minus 1 Day
CUIT Small Capitalization Equity Index Fund (1)	903,285	-	Daily	Trade Date Minus 1 Day
	\$ 2,289,916	\$ -		
June 30, 2014				
Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
CUIT Value Equity Fund (1)	\$ 1,358,812	\$ -	Daily	Trade Date Minus 1 Day
CUIT Small Capitalization Equity Index Fund (1)	850,598	-	Daily	Trade Date Minus 1 Day
	\$ 2,209,410	\$ -		

- (1) These funds invest in marketable equity securities that are all exchange traded in the United States of America (USA) and that are categorized as the title of each respective fund suggests (value and small cap). These funds can be redeemed at net asset value per share based on the fair value of the fund's securities and other assets, less liabilities at the close of business on any day the NYSE is open. The fair value of this investment has been estimated using the net asset value per share of the investments provided by the fund manager.

Note 9. Related Party Transactions

The Diocese has a receivable from the Catholic Foundation for the Diocese of Davenport of \$268,871 and \$217,601 as of June 30, 2015 and 2014, respectively. The Diocese received contributions from the Foundation totaling \$268,871 and \$213,668 for the years ended June 30, 2015 and 2014, respectively.

The Diocese has an agreement with the Catholic Foundation for the Diocese of Davenport to provide the services of the Finance Department including the processing of pledges, pledge payments, pledge reminders, preparing financial reports for board meetings and assistance with the financial audit. The Foundation pays the Diocese once a year for the percentage of the time the Finance employees spend on the Foundation work valued at salary plus estimated benefits. The revenue recorded by the Diocese for the years ended June 30, 2015 and 2014 was \$63,833 and \$68,124, respectively.

Note 10. Insurance Funds

The Diocese established an insurance fund to provide uniform property and casualty, worker's compensation and blanket liability coverage under one comprehensive plan for all parishes and affiliates of the Diocese of Davenport. The fund collects fees from subscribers and remits premiums to the insurance carriers during the policy year. The various insurance policies have deductibles ranging from none to \$25,000. Any potential deductibles incurred are the responsibility of the Diocese and would be paid from accumulated cash.

The Diocese also established a medical insurance fund to provide medical and dental insurance for parishes and affiliates of the Diocese of Davenport. For the period from April 1, 2014 through March 31, 2015, the Diocese was self-insured for medical insurance and remained self-insured for dental insurance. The Diocese had purchased stop-loss insurance in order to limit its exposure, which would reimburse the Diocese for individual claims in excess of \$50,000 annually or aggregate claims exceeding \$333,052 but not more than \$1,333,052 annually. Self-insurance losses were accrued based on the Diocese's estimate of the aggregate liability for uninsured claims incurred but not reported at June 30, 2014. At June 30, 2014, the accrued liability for self-insured losses of \$25,000 is included in accounts payable and accrued expenses on the balance sheet. Beginning April 1, 2015, the Diocese was fully insured for medical and remained self-insured for dental insurance and the fund collected fees from subscribers and remitted premiums to the insurance carrier during the policy year.

Activity in these funds for the years ended June 30, 2015 and 2014 was as follows:

	Property Insurance Fund	Medical Insurance Fund	Total
<u>2015</u>			
Fees Collected	\$ 1,174,206	\$ 690,992	\$ 1,865,198

Note 11. Functional Expenses

The cost of providing various programs and other activities has been summarized on a functional basis. Directly identifiable expenses are charged to program services. Expenses related to more than one function are charged to program services on the basis of time and expense estimates. Management and general expenses include those expenses that are not directly identifiable with any other specific function, but provide for the overall support and direction of the Diocese. Fundraising expenses include those expenses that are directly identifiable to the solicitation of the Annual Diocesan Appeal and contributions.

Expenses of the Diocese related to those services for the years ended June 30, 2015 and 2014 are as follows:

	<u>2015</u>		<u>2014</u>
